1998

The updating of Table A is carried out by means of 12 monthly supplements. In order to facilitate the task of the exporting countries, the 12 supplements now report all the totals of the estimates and not only the amended data. In this way, each supplement cancels and replaces the published table in its entirety. In order to accelerate the transmission of the supplements to the competent national authorities, the 12 supplements will appear in English. Reading of these 12 supplements in French and Spanish may be facilitated by consulting the indexes of countries and territories and of narcotic drugs appearing in the annual publication.

La mise à jour du tableau A s'effectue au moyen de douze suppléments mensuels. Afin de faciliter la tâche des pays exportateurs, les douze suppléments contiennent tous les totaux des évaluations et non pas seulement les chiffres qui ont été modifiés. De cette manière, chaque supplément annule et remplace entièrement le tableau publié. En vue d'accélérer la communication des suppléments aux autorités compétentes, les douze suppléments seront publiés en anglais. La lecture en français et en espagnol de ces douze suppléments pourra être facilitée par la consultation des index des pays et territoires et des stupéfiants de la publication annuelle.

La actualización del cuadro A se efectúa mediante doce suplementos mensuales. Para facilitar la tarea de los países exportadores, en esos doce suplementos figuran todos los totales de las previsiones y no sólo las cifras que se han modificado. De este modo, cada suplemento anula y sustituye por completo el cuadro publicado. Con el fin de acelerar la comunicación de los suplementos a las autoridades nacionales competentes, los doce suplementos aparecen en inglés. La lectura de estos doce suplementos en español y en francés se verá facilitada si se consultan los índices de países y territorios que figuran en la publicación anual.
